WORK EXPERIENCE

Entrib Analytics

QA Engineer

12/2022 - Present

- Collaborated closely with the Project Head and Team to gain a comprehensive understanding of **project requirements**.
- Developed and executed **test scenarios** and **test cases** based on Tickets, ensuring alignment with **project requirements** and **specifications**.
- Conducted extensive **Manual testing**, including **UI testing**, end-to-end **Sanity testing**, **compatibility testing**, **retesting**, and **regression testing**.
- Generated detailed **test summary reports**, achieving a **98% test coverage** rate, and created **traceability matrices** to ensure full test coverage in line with **business requirements**.
- Adhered strictly to the **defect life cycle**, utilizing **Zoho** for efficient **defect logging** and **tracking**, resulting in a **20% reduction** in defect resolution time.
- Contributed to **API testing** by **automating test scripts** using **NPM**, increasing **test efficiency** by **30%**.
- Conducted **dashboard testing** on Android devices connected to a TV, ensuring optimal user experience and functionality, resulting in a **15% improvement** in user satisfaction.
- Actively participated in **daily stand-up meetings**, **sprint planning sessions**, **sprint reviews**, and **retrospective meetings**, contributing to team synergy and project success.

Exagig Solution

Software Test Engineer

06/2020 - 12/2022

- Collaborated closely with the **Business Analyst BA** team to gain a comprehensive understanding of **project requirements**.
- Developed and executed **test scenarios** and **test cases** based on **user stories**, ensuring alignment with **functional specifications**.
- Conducted a wide range of **testing procedures**, including **functional testing**, **validation testing**, **usability testing**, **compatibility testing**, **retesting**, and **regression testing**.
- Generated detailed **test summary reports**, achieving **100% test coverage**, and created **traceability matrices** to ensure full **test coverage** in line with business requirements.
- Adhered strictly to the **defect life cycle**, utilizing **JIRA** for efficient **defect logging** and **bug tracking**, reducing defect resolution time by **25%**.
- Played a key role in **automation testing** efforts, using **Selenium for test script automation**, resulting in a **40% improvement** in testing efficiency.
- Maintained and updated **test scripts** regularly, using version control tools like **Git-hub** to manage versions effectively.
- Actively participated in **daily stand-up meetings**, **grooming sessions**, and **client calls**, contributing to team synergy and project success.

Wipro

Associate Engineer

06/2018 - 06/2019

- Designed custom product quotes for services like **ADSL Connect, Superfast Broadband, IP Clear, and Converge**, tailoring solutions to meet **specific customer requirements**, resulting in a 20% increase in customer satisfaction.
- Utilized **Oracle Siebel** for **CRM**, fetching and validating customer data for accuracy and relevance, reducing data errors by 15%.
- Acted as a reliable point of **contact for clients and customers**, efficiently addressing **queries** and managing escalations within the team, achieving a 90% query resolution rate.
- Conducted comprehensive process workflow **training** for **new team members** and provided ongoing refresher training to maintain **team proficiency**.
- Assisted associates with process and **product-related queries**, meticulously documenting solutions for future reference and **knowledge sharing**.
- Demonstrated **leadership and organizational skills** by effectively managing the team during the team manager's absence.

EDUCATION

K.K Wagh college of Nashik

Bachelor of Computer Science

06/2020

PERSONAL INFO

- **Date of Birth:** 22/06/1996
- **Nationality:** Indian.
- **Address:** Unit D Blue Ridge Township, Hinjewadi, Pune 411057.

ACHIVEMENT

- ISTQB – CTFL (Certified Tester Foundational Level)
- Certificate ID: 101275
- Certified Date: 12-06-2023

SKILLS

- **Manual Testing** (Functional, Regression, Retesting, Sanity, Smoke)
- **Automation Testing** (Java, Selenium Webdriver, TestNG, POM, Github)
- **API Automation Testing** (NPM, Postman Tool)
- **Database Testing** (PostgreSQL, Mongo DB)
- **Issue Tracking and Project Management** (JIRA, Zoho)
- **Test Environment Setup** (Linux, AWS)
- **STLC** (Test Planning, Test Case Design, Test Documentation, Bug Report)
- **Agile Methodologies**
- **Language**
